1: Identification of the substance/preparation and of the company/undertaking

Product identifier: Teak Solutions Seam Sealant®

Relevant identified uses of the substance/mixture and uses advised against:
Sealant compound.

Details of the supplier of the safety data sheet:
Teak Solutions S.L.
Paseo Juan de Borbon, 80-84 Local K
ES-80003 Barcelona
Spain
e-mail: info@teaksolutions.com
Phone: +34 932 217 774

Emergency telephone number: The ES National Poisons Emergency number, Barcelona: +34 933 174 400

2. Hazards identification

Label elements:

Classification of the substance or mixture: 67/548/EU, 1999/45/EU.

Symbol(s): None.

R-phrases: None.

S-phrases: None.

Other hazards: During curing the product gives off less than 0,05 % methyl ethyl ketoxime at normal temperature.

3. Composition/information on ingredients

Substances:

<table>
<thead>

</tbody>
</table>

Full text for R-phrases and H-phrases, see section 16.

4. First aid measures

Description of first aid measures:
Generally: If in doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.
Inhalation: Remove the patient to fresh air. If the patient is having difficulty breathing, administer artificial respiration. Contact a physician.

Skin contact: Remove unhardened material and wash the skin with soap and water.

Eye contact: Flush eyes with large amounts of water for 15 minutes. Seek medical attention.

Ingestion: Get IMMEDIATE medical attention.

Most important symptoms and effects, both acute and delayed:

Inhalation: Fumes may irritate the mucous membranes or cause transient headache. Inhalation may provoke already existing respiratory problems.

Skin contact: Direct contact may cause irritation of the mucous membranes.

Eye contact: Direct contact may cause irritation of the eyes.

Ingestion: Direct contact may cause irritation of the mouth.

Indication of any immediate medical attention and special treatment needed:
No data given.

5. Fire fighting measures

Extinguishing media:
Use powder, water spray, foam or CO₂.

Special hazards arising from the substance/mixture:
Fire may emit irritating or toxic fumes.

Advice for fire fighters:
Wear suitable protective equipment including self-contained breathing apparatus.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures:
Wear personal protection, see section 8.

Environmental precautions:
Do not emit to sewers, waterways or soil. Advise the environmental authorities if substance has entered a watercourse or sewer.

Methods and material for containment and cleaning up:
Spillage is absorbed with suitable absorbent material as sand or earth and collected in suitable containers for destruction.

Methods to other sections:
Waste disposal, see section 13.
7. Handling and storage

Precautions for safe handling:
Wear personal protection, see section 8. Wash hands after handling the product.

Conditions for safe storage, including any incompatibilities:
Store in tightly closed containers. Protect product from heat and moisture. Store product at temperatures below 26 °C. Keep out of the reach of children.

Specific end use(s):
No data given.

8. Exposure controls/personal protection

Engineering controls: Ensure adequate ventilation.

Control parameters: Occupational exposure limits - EH40/2005:

<table>
<thead>
<tr>
<th>Carbon Black:</th>
<th>Long-term: ppm</th>
<th>Short-term: ppm</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>3,5 mg/cm³</td>
<td>7 mg/cm³</td>
</tr>
</tbody>
</table>

Exposure controls/personal protection:

Respiratory protection: Not needed.
Hand protection: Use suitable protective gloves. Gloves should be chosen in consultation with the glove supplier, with information on effects from other substances in the work place.
Eye/face protection: Use suitable goggles.
Skin protection: Use suitable work clothes.
Work hygiene: Wash hands with water and soap before breaks, smoking and after handling of the product.

9. Physical and chemical properties

General information:
Appearance: Paste
Colour: Black, White and Gray
Odour: Characteristic

Information on chemical properties:
Flame point: > 104 °C
Vapour density: > 1 (air=1)
Density: 1,30
Evaporation rate: < 1 (butylacetate=1)
Solubility in water: Insoluble

Other information: No data given.
10. Stability and reactivity

Reactivity: No data given.
Chemical stability: No data given.
Possibility of hazardous reactions: No data given.
Conditions to avoid: Moisture and high temperatures.
Incompatible materials: No data given.
Hazardous decomposition products: None when handled and stored as recommended.

11. Toxicological information

Acute toxicity: No data given.
Inhalation: Fumes may irritate the mucous membranes or cause transient headache.
Inhalation may provoke already existing respiratory problems.
Skin contact: Direct contact may cause irritation of the mucous membranes.
Eye contact: Direct contact may cause irritation of the eyes.
Ingestion: Direct contact may cause irritation of the mouth.

12. Ecological information

Toxicity: No data given.
Mobility in soil: No data given.
Persistence and degradability: No data given.
Bioaccumulative potential: No data given.
Results of PBT and vPvB assessment: No data given.
Other adverse effects: No data given.

Environmental precautions:
Do not emit to sewers, waterways or soil. Advise the environmental authorities if substance has entered a watercourse or sewer.
13. Disposal considerations

Waste treatment methods:
Material should be disposed of in accordance with local and National regulations.
Waste disposal number: Depends on use of product.

14. Transport information

Not dangerous goods / Not hazardous goods.

15. Regulatory information

Safety, health and environmental regulation/legislation specific for the substance or mixture:
No data given.

Chemical safety assessment:
A chemical safety assessment has not been done.

16. Other information

Text for R-phrases in section 3:
None.

Text for H-phrases in section 3:
None.
